

Sports Premium 2016/17

Last year we received £9260 in two payments. Our target was to improve the quality of PE teaching and extend the provision of sports opportunities.

In order to improve the quality of teaching in dance lessons, we purchased a new scheme of work called Imoves Dance at a cost of £945 (over three years). This scheme includes a variety of topic based plans for teachers and is taught through the interactive whiteboard. Training for staff took place during Spring 2017 (£180). During the Autumn term, four members of staff worked alongside a dance coach to deliver lessons around a topical theme (£500). Working alongside a professional coach, staff developed their skills and the children enjoyed being taught by a dance professional.

We continued to encourage children to be active during their lunch break. RuggerEds worked with our KS2 children for two lunchtime sessions per week in KS2 (£2100) and Links coaches work with our KS1 children twice a week (£1600).

We continued to monitor and target children who do not take part in extra-curricular sport. A whole school database has been developed for this purpose.

At the end of the Summer 2016, the Sport Premium funding was used to map out our school grounds for orienteering (£150). Staff received training in 2017 and the school grounds are now utilised to develop map reading skills, language and communication skills.

We continued to build links with local clubs such as Sheffield Hockey Club, Hallamshire Tennis and Squash Club.

In Summer 2017, we received the Gold School Games Award in recognition for the wide range of after school sport opportunities we provide, our involvement in competitive sport, club links and leadership opportunities for children.

We aim to provide a wide variety of after school sports clubs which change each term. During 2016/17 we offered:-

yoga, football (KS1 and KS2), girls' football, netball, rugby, hockey, cheerleading, gymnastics, Razzamataz, orienteering, table tennis, KS1 multi-skills

Through our subscription to Links Sports Partnership (£2384), we access staff training, specialist coaches and a range of inter – school sports competitions such as Sports Hall Athletics, Hotshots basketball, football, netball, tennis, rounders, cricket, bouldering, swimming.

During 2016-17, we had sporting success with:

Y4 Hot Shots Basketball - Sheffield and South Yorkshire winners

Y6 Catholic Cup football winners

Y3/4 Boys silver medallists South Yorkshire Cross Country Finals

KS2 silver medallists at Ponds Forge Swimming Gala

Y6 squash champions at Hallamshire Squash Club

Y5 boys won their football league
