## Y1 are Super Scientists

This half term, we are learning about the changing seasons, and looking out for signs of autumn. We have been down to the woods and found lots of autumn leaves, acorns and beech mast. Today, we went pond dipping to see what lives in our pond in autumn. It was great fun! We looked closely at all the creatures we found using magnifying glasses and then put them carefully back in the pond. Y1 are learning to observe – a key scientific skill.

## Quick Quiz

Find a conker. Look up at the leaves on the tree. Can you name the tree by matching the leaves to one of these pictures?

Dear Lord,

We pray for all the homeless and the refugees and the people in Indonesia and the tsunami. We pray for the people who are poor and who have to travel miles to get some water.

Amen.
